Re: Satellite Changes – Playboy Television Services

Dear Sir/Madam,

Reference is made to that certain NCTC Affiliation Agreement dated as of August 10, 2016 (the “Agreement”).

This letter is to advise that Playboy TV will be making the following satellite changes regarding the transmission of all Playboy Television Services:

- Playboy TV HD and Playboy TV en Español HD (currently distributed on Galaxy 13) will be migrating to SES 3; and
- Playboy TV SD and Playboy TV en Español SD (currently distributed on Galaxy 23) will be replaced with an alternate solution for SD carriage to be reviewed with you as part of the transition.

Please note that Playboy TV SD currently carried as part of HITS on SES 11 will remain unchanged.

We anticipate the transition to be completed by May 27, 2019.

Our team, in collaboration with our partners at Comcast Technology Solutions, anticipates a seamless transition and will be reaching out soon with further details. In the meantime, feel free to contact me directly at scrawford@playboy.com or 770-289-9419 with any questions or comments.

Sincerely,

A handwritten signature in blue ink, appearing to read 'S.Crawford', with a checkmark at the end.

Scott Crawford
