Re: Notification of Station Channel Change Due to Post-Auction Repacking

Dear Sir/Madam:

Pursuant to and consistent with FCC requirements for stations that are changing over-the-air channels following the recent television spectrum auction, this letter will serve as notice that KSAX(TV), Alexandria, Minnesota (the "Station") will be changing its over-the-air channel on June 21, 2019 at 12:00 p.m.

The Station will terminate operations on Channel 42 and will begin operations on Channel 24 pursuant to the following parameters:

Over the Air Channel: 24
Transmitter/Antenna Address: 14002 County Road 33, Villard, MN 56385
Transmitter/Antenna Coordinates: 45° 41' 59.00" N Latitude, 95° 10' 36.00" W Longitude
Antenna Height (above mean sea level): 772.7 meters
Effective Radiated Power: 55.3 kW

To the extent relevant, the Station will use the following stream(s) identification: 1561

If you have any questions, please contact the Station's engineering team at (651) 642-4220 or esmith@hbi.com.

Very truly yours,

David A. Jones
